

Fact Sheet

Over a decade ago, New American Funding, a Direct Lender, began with a clear vision and a plan for gradual but steady expansion. Reaching out to consumers nationwide from a central location in Orange County, New American Funding has grown to be an industry leader in both the purchase and refinance markets for FHA, VA, Conventional & Jumbo Loans.

Because of our dedication and hard work, New American Funding has grown by over 300% since 2006. Our marketing and technology efforts keep us on the cutting-edge, allowing us to compete day after day with the large banks. We use a more targeted and personal approach to not only help consumers, but to expand our business by partnering with realtors, builders and industry professionals.

The driving force behind our success is simple:

To provide an unparalleled level of customer service, good products with great pricing and most of all provide the fastest possible turn times in the industry.

This along with an emphatic commitment to excellence within every department ensures that New American Funding delivers on its promises and is committed to providing the excellence in service you expect.

Because we process everything in house it is easy for us to control the delivery dates we extend to our clients. We extend tight controls and cutting edge technology in order to keep you informed every step of the way.
